SUMMARY

Motivated and detail-oriented MERN Stack Developer with hands-on experience in building dynamic and scalable web applications. Currently pursuing a degree at LJ University and completed a 3-month internship at Tecoreng. Seeking a Junior Developer or Internship role to apply and enhance my technical skills while contributing to impactful projects.

EDUCATION

LJ Institute of Engineering and Technology

Bachelor of Engineering - Information Technology (CGPA - 7.01)

Ahmedabad, Gujarat

2022-Present

TECHNICAL SKILLS

Programming Languages: JavaScript, Typescript

Libraries and Tools: React, MongoDB, HTML, CSS, Git, Github, Docker, AWS, Nginx, Tailwind CSS, Bootstrap

Frameworks: Next.js, Node.js, Express.js

EXPERIENCE

MERN Stack Intern at Tecoreng, Jan 2024 – Mar 2024

- Built full-stack features using the MERN stack with a focus on RESTful API integration.
- Collaborated on UI development using React, Tailwind CSS, and shadcn/ui components.
- Worked with MongoDB for CRUD operations and schema design.
- Participated in code reviews and team standups, following Agile methodology.

PROJECTS

• Blog Application

- A blog application with Node Js, Express Js and MongoDB (database), allowing users to sign up, log in, create, view, and upload posts.
- Users can like and comment on posts, as well as follow other profiles, view follower counts, and check who they are following.

• Human Resources Management System

- Built a role-based HRM system with Employee, HR, and Admin modules featuring attendance tracking (check-in/out), leave management, and leave balance tracking.
- Implemented leave approval workflows, holiday/leave type management, and user creation (HR Employee) with secure access control.
